# CHAIRPERSON MESSAGE

**"The strength of our product portfolio lies in its diversity, lending us competitive advantage over other sugar producing companies."**

**Dear Shareholders,**

My greetings and good wishes to you on the 11th anniversary of the formation of Parvati Sweetners & Power Limited. I take this platform to express my sincere gratitude to all our stakeholders for their partnership in this journey. Your company has always focused towards disciplined and sustainable growth and with your unconditional support; we are in the midst of reaching the next leg of our growth.

During the fiscal, the world economies boosted the mass vaccination campaign to contain from the material impact of Covid-19 pandemic. The world economies are beginning to witness gradual recovery, but the emergence of numerous leading macroeconomics indicators creates a sight of concern. According to IMF, the World economy is expected to grow at around 4.4% in 2022 and 3.8% in 2023.

India is standing out as a strong emerging economy in the world. Government of India's support for growth has enabled the economy to portray its strength. The Union Budget 2022-23 boosted the sentiments as the Government of India focussed towards growth of the economy. As the world economy is moving towards "China plus one" strategy, it opens the gates of tremendous export opportunity for Indian players. In addition, the Reserve Bank of India with its accommodative policy gives further thrust to the growth sentiment. Although rising inflation and global macro events can have an adverse marginal impact, the Indian GDP is expected to witness a growth of over 9% in 2022 and around 5.4% in 2023.

The Indian sugar economy is at the midst of a positive structural change. During the fiscal, the Indian sugar industry had a healthy crop which enabled Indian sugar millers to participate in export demand. The deficit in production of sugar in Brazil created a global supply deficit which resulted in higher realizations for India. In addition, the forthcoming sugar season is also expected to see a higher production in India. The expected production is around 360 lakh tonnes for the upcoming sugar season. During the season, Maharashtra surpassed Uttar Pradesh in sugar production. Government of India's thrust for ethanol production will enable the sugar millers to divert surplus sugar towards ethanol manufacturing, thus reducing the cyclicity in sugar business. As per "Niti Ayog", by 2025 the ethanol blending is targetted to reach 20% which envisions the ethanol requirement to ~1,500 crore litres. Also, with the roll out of Flex-fuel vehicles on 100 percent Bio Ethanol, the demand for ethanol is expected to jump by 4-5 times.

Your Company delivered encouraging results on account of improved performance across segments due to better realization of sugar. During the Fiscal 2022, our Net Profit stood at Rs. 1.25 Crore against Rs. 1.24 Crore in Fiscal 2021.

A stable Government policy and favourable sugar market dynamics will aid towards improving sugar profitability. The huge potential in ethanol manufacturing will enable your company to deliver strong growth in the years to come.

**Poonam Chouksey**

# MANAGEMENT DISCUSSION AND ANALYSIS REPORT

## Global Economy Overview

Global Economy the Global economy is going through various headwinds, from omicron wave in first half to Russia-Ukraine invasion in the second half. China is experiencing another covid-19 wave and mass lock-downs, whereas Europe experienced energy crisis. Disruptions in supply on account of restrictions due to covid-19 pandemic lead to higher inflation in the world economies. As per IMF the global growth is expected to grow at around 4.4% in 2022 and 3.8% in 2023. The accommodative stance Fed proclaimed the confidence of USA's economy. Going forward, according to IMF the early withdrawal of monetary support to contain the concern of increasing inflation, prevailing financial stress among property developers in China and geo-political crisis; can slow-down the growth of the world economy. However, the successful mass vaccination and strong pent-up demand will enable the world economies to embark its journey towards growth in 2023.

## Indian Economy

The Indian economy showed a strong sign of recovery after numerous headwinds in recent past. During the fiscal Indian economy on account of successful mass vaccination was able to withstand the new omicron variant of covid-19. The Union Budget 2022-23, boosted the sentiments of the economy with its focus on growth and creating jobs by implementing sector focused PLI schemes. The supply chain disruptions are expected to pick-up going forward. The Indian GDP is expected to witness a growth of 9.1% (Moody's Investors Service) in 2022 and 5.4% in 2023. The Russia-Ukraine invasion, has impacted the inflation in the economy. The CPI inflation touched 6.1% in February 2022; largely on account of higher crude prices and power costs. The capital expenditure-led Budget, Reserve Bank of India's accommodative policy and diminutive damage on the Indian economy from the omicron wave have set the stage for GDP pickup.

## Global Sugar Economy

The world sugar faced supply deficit from Brazil which is the major sugar exporter. However, the deficit is expected to diminish due to a better than expected sugar production in India. During previous sugar season the deficit was on account of lower output from Brazil and Thailand because of drought. The global sugar production is likely to reach 1705.10 lakh tonnes against previous production of 1690.30 lakh tonnes as per the estimate of International Sugar Organisations (ISO). As per ISO the production in Brazil is likely to revive during SS 2021/22. The higher Indian production will offset glitches in Thailand and China, where production is expected to be lower than expected. However the world sugar economy is likely to witness a balanced demand supply in SS 2021/22 on account of higher Indian output and ~7% (compared to previous year same period) higher output from Brazil, which expects a sugarcane crop of 5300 lakh tonnes in the new season and a sugar production of 323.10 lakh tonnes.

## Consumption Outlook

According to ISO estimates for 2021/22, the global consumption has been reduced to 1724 lakh tonnes. During 2021/22 population-based growth is expected partly due to changing consumer habits. The global consumption is hampered because of high sugar consuming developed countries seeing relatively low population growth while higher rates are found in East, West and Central Africa, where per capita sugar consumption is traditionally low.

## Global Price Scenario

The ISA Daily raw sugar price touched its peak in September 2021 and remained on the higher side at around USD 19.59 cents/lb. The supply deficit from Brazil amidst drought inflated the international sugar prices. India remained a strong export player on account of healthy crop. However, in upcoming season Brazil is expected to witness a recovery in the crop which can have some impact on price. The current average for March, up to the 21st, stands at USD 18.92 cents/lb.

## Global Ethanol

The world fuel ethanol production is anticipated to reach 11160 crore litres by 2022 (ISO) and the global consumption is expected to reach 10510 crore litres. Production is driven by higher ethanol inclusion in the US, India, and the EU+UK. In Brazil, 2021 was a challenging year for ethanol on account of lower production of sugarcane amid drought conditions.

## Domestic Sugar Industry

India is emerging as a strong player in global sugar markets. Domestic sugar industry has embarked on a robust growth journey. The Sugar Industry is on the cusp of Mega transformation and has emerged as a potential driver of clean energy, driving India's shift to renewable energy faster than ever. The growing ethanol demand and better utilization of excess cane aids towards over supply of sugar in the industry, thus reducing cyclicality in the sector. During FY22 the domestic sugar millers faced numerous tailwinds; the sugar realizations reached high by September. The deficit production by Brazil resulted in strong export realizations pegged the exports by Indian players on account of healthier crop. The sugar exports are expected to reach 90 lakh tonnes indicating a 18% growth compared to same period last year. As per ISMA, the domestic sugar production is estimated to be around 350 lakh tonnes in 2021/22 after considering diversion of 34 lakh tonnes of sugar equivalent into ethanol and B-Heavy molasses. The domestic sugar consumption is estimated at around 272 lakh tonnes in 2021/22. The ethanol push by the Government of India has enhanced distillery capex cycle in India. Higher ethanol sales enables improved product mix and thus improving operating margin of the domestic sugar millers.

Particulars (lakh tonnes)	SS 2021-22 (E)
Opening balance (as on 1st Oct, 2021)	82.00
Estimated sugar production	350.00
Sugar availability during the season	432.00
Estimated sugar consumption	272.00
Estimated exports	90.00
Closing balance (as on 30th Sept, 2022)	70.00
<i>Source: ISMA</i>	

## Regional Domestic Scenario

Maharashtra surpassed Uttar Pradesh and emerged as the largest state to produce sugar in current season. Bihar produced 4.60 lakh tonnes in SS 2021/22, with an average yield of 9.50%. As per ISMA, upto 31st March, 2022 Andhra Pradesh, Telangana, Bihar, Uttarakhand, Punjab, Haryana, Madhya Pradesh, Chhattisgarh, Rajasthan, and Odisha have collectively produced 28.10 lakh tonnes of sugar. Maharashtra reported sugar production of 118.80 lakh tonnes and Uttar Pradesh reported 87.50 lakh tonnes of sugar.

## Domestic Sugar Exports

According to ISMA, the Indian sugar exports is likely to reach 90.00 lakh tonnes in the season 2021/22. The sugar exports are likely to witness a jump of 18% year on year. On account of favourable climatic conditions, India is expected to have a higher production in the season 2021/22 which will enable Indian exports momentum to continue going forward. India emerged as a strong sugar exporter as the supplies were impacted because of deficit production in Brazil.

## Domestic Ethanol Production

According to ISMA, against the total Letter of Intent (LOI) quantity of 416.33 crore litres, 113.17 crore litres of ethanol have been supplied as of March 13, 2022. Out of the total supply, around 86% comprises of ethanol made from sugarcane juice / B heavy molasses. The contracted quantity as on March 13, 2022 stood at 391.85 crore litres as against LOIs of about 416.00 crore litres issued by OMCs. India has achieved an average blending percentage of 9.45%.

## Ethanol Procurement Status

The Indian ethanol industry reached a blending of 9.6% as on 27th March 2022. The total receipt quantity as on March 27th, 2022, stood at 131.69 crore litres. Ethanol from B-heavy molasses had the highest contribution and comprised of 49% of overall contribution. Contribution from sugarcane juice / sugar syrup / sugar stood at 36%. Contribution from others i.e. C-Heavy Molasses, Damaged Foods Grains and Surplus Rice stood at 3%, 7% and 4% of total ethanol supply.

## Ethanol Supply Position

(as on 27th March, 2022)

STATE	Quantities (Crore Ltr)				% of Total Supply	State Blending
	Req. Qty.	Finalised Qty.	Contracted Qty.	Supplied / Lifted Qty.		
Uttar Pradesh	60.80	59.70	57.59	17.70	31	10.35
Maharashtra	53.58	54.51	53.73	15.73	29	10.20
Karnataka	36.11	32.87	32.70	10.37	32	10.45
Bihar	17.68	16.99	16.71	5.93	35	9.32
Andhra Pradesh	21.49	17.98	16.76	6.40	38	10.36
Uttrakhand	2.81	2.81	2.68	0.91	34	9.76
Madhya Pradesh	20.12	18.28	17.20	5.85	34	9.85

## Indian Ethanol Industry, huge potential ahead

Indian biofuel market is expected to grow by 15% from 2019-2024 (International Energy Agency (IEA)). Indian ethanol requirement is expected to be around 1570 crore litres making it a 1660 crore ethanol economy. According to "Niti Ayog", it has set target to achieve E20 or 20% blending by 2025.

The expected distillery capacity requirement to achieve this target is around 1500 crore litres, indicating huge growth potential going ahead. In addition, the Government of India's focus towards reducing oil imports will thrust the ethanol demand. The implementation of manufacturing flexi-fuel cars. In the recent Sugar & Ethanol India Conference (SEIC) 2022, the Government of India indicated a huge potential for ethanol as world is moving towards green fuel. E-20 programme has huge potential to reach 2.2x from current 465 crore litres to 1500 crore litres by 2025. There was also an indication that over implementation of flex engines, ethanol requirement can reach up to 4000 crore litres in coming 5 years. Higher ethanol demand will enable sugar millers to liquidate its inventories and strengthen their financial position.

## Flexi Fuels to Drive Ethanol Growth

As per discussion in Sugar & Ethanol India Conference (SEIC) 2022, India is framing policies to promote the use of clean fuels including electric vehicles (EVs) and tightening emission norms to meet its carbon reduction targets. India is a large consumer of fossil fuels for transport and thus Government of India is shifting towards import substitutes and pollution free fuel. Also, the implementation of norms like Corporate Average Fuel Efficiency (CAFE) will push automakers to gradually shift to green fuel. India is targeting reducing carbon emissions by 33%-35% by 2030 as part of its commitment under the Paris Climate Agreement. The South Asian nation intends electric cars to make up 30% of total private car sales by 2030 and for electric motorcycles and scooters to make up 40% of total sales. In addition the Government of India is also planning to make it mandatory for the gasoline cars to have flexible fuel engines so they can also run on ethanol blends. Also, the Ministry in future can encourage sugar millers to have their own ethanol stations. Growing ethanol demand will reduce sugar sector cyclicity and improve the operational profitability going forward.

## THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:

Members are requested to carefully read the below mentioned instructions.

**Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

**Step 2:** Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on **Sunday, 11th September, 2022 at 9:00 A.M. (IST) and ends on Tuesday, 13th September, 2022 at 5:00 P.M. (IST)**. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of **Wednesday, 7th September, 2022** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

## EXPLANATORY STATEMENT IN TERMS OF SECTION 102 OF THE COMPANIES ACT, 2013 IN RESPECT OF SPECIAL BUSINESSES

### **Item No 3:**

In accordance with the provisions of Section 148 of the Companies Act, 2013 ('the Act') and the Companies (Audit and Auditors) Rules, 2014 and the Companies (Cost Records and Audit) Amendment Rules, 2014 ('the Rules') the Company is required to appoint a Cost Auditor to audit the cost records of the Company.

On the recommendation of the Audit Committee, the Board of Directors at their Meeting has approved the appointment of M/s. Sanjay Kasliwal & Associates, Cost Accountants, Bhopal (ICWAI Firm Registration No. 100888), as Cost Auditor to conduct the audit of the cost records of the Company for the Financial Year ended March 31, 2023 at a remuneration of Rs. 30,000/- (Rupees Thirty Thousand only) plus applicable taxes and reimbursement of out of pocket expenses at actual, subject to ratification by the members in the Annual General Meeting.

Accordingly, consent of the members is sought for passing an ordinary resolution as set out at Item No. 3 of the Notice for ratification of remuneration payable to the Cost Auditor for the Financial Year ended March 31, 2023.

### **Item No. 4:**

The financial performance of the Company in the financial year ended 31 March, 2022 did not meet expectations and it is possible that the Company will also have inadequate profits in the financial year 2022-23.

Under Section 197 of the Companies Act, 2013, if in any financial year a company has no profits or its profits are inadequate, payment of remuneration to its directors including any managing or whole time director (exclusive of sitting fees payable to directors) may be made only in accordance with the provisions of Schedule V. Section II of Schedule V to the Companies Act, 2013 provides that where in any financial year during the currency of tenure of a managerial person, a company has no profits or its profits are inadequate, it may without Central Government approval, pay remuneration to the managerial person not exceeding the limits set out below:

(1)	(2)
Where the effective capital is	Limit of yearly remuneration payable shall not exceed (Rupees)
i. Negative or Less than 5 Crores	60 Lakhs
ii. 5 Crore & above but less than 100 Crores	84 Lakhs
iii. 100 Crores & above but less than 250 Crores	120 Lakhs
iv. 250 Crores & above	120 Lakhs plus 0.01% of the effective capital in excess of 250 Crores.

Hence, consent of members is sought for payment of remuneration to Mrs. Poonam Chouksey as may be decided by Board of Directors but not exceeding 84 Lakhs in case of no profits or its profits are inadequate.

The management of the Company believes that the remuneration proposed for payment to Mrs. Poonam Chouksey is justified in terms of her role and contribution within the Company.

Accordingly, the Board recommends the resolution set forth in item no. 4, for the approval by the members of the Company by way of Special Resolution.

None of the Directors, Key Managerial Personnel and their relatives other than Mrs. Poonam Chouksey and her relatives are, in any way, concerned or interested in the said resolutions.

### **Item No. 5:**

Regulation 31A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') provides a mechanism regarding re-classification from "Promoter & Promoter Group" category to "Public" category.

In terms of the said Regulation, the Company has received requests for reclassification of shareholding from 'Promoter & Promoter Group' Category to 'Public' Category and removal of names from 'Promoter & Promoter Group' Category from the following Promoter/Promoter Group of the Company:

Sr. No.	Name of Promoter's	Date of receipt of request by the Company	Date of Intimation to the Stock Exchanges	No. of shares Held	(%)

## **PRACTICING COMPANY SECRETARIES COMPLIANCE CERTIFICATE ON CORPORATE GOVERNANCE**

To,  
The Members,  
PARVATI SWEETNERS AND POWER LIMITED  
CIN: L15421MP2011PLC027287  
Hall No. 2, Gomantika Parisar, Shopping Complex  
Jawahar Chowk, Bhopal Madhya Pradesh - 462003

I have examined the compliance of the conditions of Corporate Governance by Parvati Sweetners and Power Limited ("the company") for the year ended on March, 31 2022 as stipulated under Regulations 17 to 27 clauses (b) to (i) of sub-regulations (2) of Regulation 46 and Para C, D and E of Schedule V of the Securities and Exchange Board of India(Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

The Compliance of the conditions of Corporate Governance is the responsibility of the management of the Company. My examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanation given to me, and the representation made by the management of the Company, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations for the year ended on March 31, 2022.

I further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

This Certificate is issued solely for the purpose of the complying with aforesaid Listing Regulations and may not be suitable for any other purpose.

## **INDEPENDENT AUDITOR'S REPORT**

To the Members of Parvati Sweetners and Power Limited

### **Report on the Audit of the Standalone Financial Statements**

#### **Opinion**

We have audited the standalone financial statements of Parvati Sweetners and Power Limited, which comprise the balance sheet as at 31 March 2022, and the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs of the Company as at 31 March 2022, and profit, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### **Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matter**

We have observed certain long aged balances in both assets and liability side under the head of Trade Receivable, Trade Payable and Loans and Advances where no movement is observed. Further we are unable to get any direct/indirect confirmation on those balances therefore we are of the opinion that these balances shall be written off/written back. Management has assured us to take the steps in regard in FY 2022-23, although we have not modified our opinion considering the amount of net impact of those balances on the standalone Financial Statements.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- d) (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
  - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
  - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (d) (i) and (d) (ii) contain any material mis-statement.
- e) The Company has not declared or paid any dividend during the year.
- (C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

## **Annexure 2 to the Independent Auditor's Report of Even Date on the Financial Statements of Parvati Sweeteners & Power Limited**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013("the Act")**

We have audited the internal financial controls over financial reporting of Parvati Sweeteners & Power Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's responsibility for internal financial controls**

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

#### **Meaning Of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Notes forming part of Standalone Financial Statements for the year ended 31 March 2022

(All amounts are in Indian Rupees unless otherwise stated)

### A. Corporate Information

Parvati Sweetners & Power Limited (the Company) was incorporated as Parvati Sweetners & Power Private Limited on 13th December, 2011 and later converted into a Public Limited Company on 24th January 2012 and its shares are listed on Bombay Stock Exchange (BSE). Parvati Sweetners and Power Limited is a manufacturer of Sugar, and its by-products. The company has its registered office in Indore, Madhya Pradesh. The company has a Sugar, its by-products manufacturing plant at Village Sankhini, Tehsil Bitarwar, Dist : Gwalior.

### B. Significant accounting policies

#### i. Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified under the Companies (Indian Accounting Standards) Rules, 2015, read with section 133 of the Companies Act, 2013.

#### ii. Basis of Preparation:

The financial statements have been prepared on accrual basis and under the historical cost convention except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

The financial statements including notes thereon are presented in Indian Rupees ("Rupees" or "INR"), which is the Company's functional and presentation currency. All amounts disclosed in the financial statements including notes thereon have been rounded off to the nearest Rupee as per the requirement of Schedule III to the Act, unless stated otherwise.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

#### iii. Inventories

Inventories are valued at lower of cost and net realisable value, except scrap are valued at net realisable value. Cost of inventory is arrived at by using Moving Average Price Method. Cost of inventory generally comprises of cost of purchase, cost of conversion and other cost incurred in bringing the inventory to their present location and condition.

By products and Saleable scraps, whose cost is not identifiable, are valued at estimated net realisable value.

#### iv. Revenue Recognition

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and that the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company assesses its revenue arrangements against specific criteria, i.e., whether it has exposure to the significant risks and rewards associated with the sale of goods or the rendering of services, in order to determine if it is acting as a principal or as an agent. Revenue is recognised, net of trade discounts, and taxes, as applicable.

##### (i) Revenue recognition Sale of Goods

Revenue from Sale of goods is recognised at the time of transfer of substantial risk and rewards of ownership to the buyer for a consideration. It includes excise duty and cess and excludes GST, Sales Tax / VAT, Trade discounts and rebates.

##### (ii) Operation and Maintenance Income

Income from services is recognized as they are rendered (based on arrangement / agreement with the concern customers).

##### (iii) Dividend and Interest income

Dividend income from investments is recognised when the right to receive dividend has been established. Interest

income recognised on accrual basis. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

## **v. Property, Plant and Equipment**

### **(i) Property, plant and equipment Recognition and measurement**

Items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises its purchase price inclusive of duties, taxes, after deducting trade discounts and rebates, incidental expenses, erection/ commissioning expenses, borrowing cost, any directly attributable cost of bringing the item to its working condition for its intended use and costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate components of property, plant and equipment.

A fixed asset is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognised in Statement of Profit and Loss.

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any, Free hold land is measured at cost.

The cost of property plant and equipment comprises its purchase price net of any trade discount and rebates, any import duties and other taxes, any directly attributable expenditure on the asset ready for its intended use including relevant borrowing cost.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

### **(ii) Capital work in progress**

Assets under erection/installation are shown as "Capital work in progress", Expenditure during construction period are shown as "pre-operative expenses" to be capitalized on erection/installations of the assets.

### **(iii) Depreciation**

Depreciation on fixed assets is provided in the manner specified in Schedule II to the Companies Act, 2013 except based on technical evaluation the useful life of Solar power generation plant is considered 25 years which is different from that prescribed in schedule II of the Act. Depreciation of an asset is the difference between Original cost / revalued amount and the estimated residual value and is charged to the statement of profit and loss over the useful life of an asset on straight line basis. The estimated useful life of assets and estimated residual value is taken as prescribed under Schedule II to the Companies Act, 2013.

Depreciation on additions during the year is provided on pro rata basis with reference to date of addition/installation. Depreciation on assets disposed /discarded is charged up to the date on which such asset is sold. Freehold land and Assets held for sale are not depreciated.

## **vi. Intangible assets**

Intangible assets are held at cost less accumulated amortisation and impairment losses. Intangible assets developed or acquired with finite useful life are amortised on straight line basis over the useful life of asset

The useful lives of intangible assets are assessed as either finite or indefinite. The Company currently does not have any intangible assets with indefinite useful life. Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

Intangible assets - Computer software's are amortized over a period of 3 years.

## **vii. Impairment of non-current asset**

An asset is considered as impaired when at the date of Balance Sheet there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the asset belongs exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use).

The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

**viii. Foreign currency transactions and translations**

(i) All transactions in foreign currency are recorded at the rates of the exchange prevailing on the dates when the relevant transactions took place; any gain/ loss on account of the fluctuations in the rate of exchange is recognized in the statement of Profit and Loss.

(ii) Monetary items in the form of loans, current assets and current liabilities in foreign currencies at the close of the year are converted in the Indian currency at the appropriate rate of exchange prevailing on the dates of the Balance Sheet. Resultant gain or loss on account of fluctuation in the rate of exchange is recognized in the statement of Profit and Loss.

(iii) Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated in to functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

**ix. Government grants**

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

The Company has chosen to present grants related to an asset item as other income in the statement of profit and loss.

**x. Employee benefits**

**Defined Contribution plan**

Provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense when an employee renders the related service.

**xi. Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

**xii. Segment Accounting Policies**

(i) The company has disclosed business segment as the primary segment. Based on the criteria mentioned in Ind AS 108 "Operating Segment" the company has identified its reportable segments.

The Chief Operating Decision Maker (CODM) evaluates the company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and gross profit as performance indicator for all of the operating segments.

The Company has no reporting segment

### xiii. Leases

#### Company as a lessee

Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risk and rewards of ownership of the asset to the company. All the other leases are classified as operating leases.

#### Operating lease

Operating lease payments are recognized as expenditure in the Statement of Profit and Loss on a straight-line basis, unless another basis is more representative of the time pattern of benefits received from the use of the assets taken on lease or the payments of lease rentals are in line with the expected general inflation compensating the lessor for expected inflationary cost. Contingent rentals arising under operating leases are recognized as an expense in the period in which they are incurred.

### xiv. Tax Expenses

#### Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

#### Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

For operations carried out under tax holiday period (80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

### xv. Provisions, contingent liabilities and contingent assets

Provisions are recognised when there is a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized, but its existence is disclosed in the financial statements.

#### **xvi. Financial Instruments**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

##### **(i) Financial Assets**

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

##### **(ii) Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### **(iii) Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. On initial recognition, the company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

##### **(iv) Financial assets at fair value through profit or loss (FVTPL)**

Investments in equity instruments are classified as at FVTPL, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading. Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

##### **(v) Impairment of financial assets (other than at fair value)**

The company assesses at each date of balance sheet whether a financial asset or a company of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Financial liabilities and equity instruments Classification as debt or equity Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**(vi) Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company entity are recognised at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

**(vii) Financial liabilities**

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

**(viii) Derivative financial instruments**

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign exchange rate risks, including foreign exchange forward contracts.

**(ix) Offsetting**

Financial assets and financial liabilities are offset and the net amount is presented in balance sheet when and only when, the company has a legally enforceable right to set off the amount and it intends, either to settle them on net basis or to realise the asset and settle the liability simultaneously.

**xvii. Investment in Subsidiaries**

Investment in subsidiaries are measured at cost as per Ind AS 27 – Company have no Subsidiary.

**xviii. Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**xix. Cash Flow Statement**

Cash flows are reported using the indirect method, where by profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

**xx. Earnings per equity share**

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

**xxi. Use of critical estimates, judgements and assumptions**

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

**(i) Property, plant and equipment**

On transition to IND AS, the Company has adopted optional exemption under IND AS 101. On Property, plant and equipment depreciation charged on cost amount less estimated salvage value.

Property, plant and equipment also represent a significant proportion of the asset base of the Company. Therefore, the estimates and assumptions made to determine their carrying value and related depreciation are critical to the Company's financial position and performance.

**(ii) Intangibles**

Internal technical or user team assesses the remaining useful lives of Intangible assets. Management believes that assigned useful lives are reasonable.

**(iii) Income taxes**

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities.

The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

**(iv) Contingencies**

Management judgment is required for estimating the possible outflow of resources, if any, in respect of Contingencies / claim/ litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

**(v) Allowance for uncollected accounts receivable and advances**

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

### Note-39: 'Financial risk management objectives and policies

In its ordinary operations, the companies activities expose it to the various types of risks, which are associated with the financial instruments and markets in which it operates. The company has a risk management policy which covers the foreign exchanges risks and other risks associated with the financial assets and liabilities such as interest rate risks and credit risks. The risk management policy is approved by the board of directors. The following is the summary of the main risks:

#### a) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates (currency risk) and interest rates (interest rate risk), will affect the companies income or value of it's holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

##### i) Interest rate risk

Interest rate risk is the risk the the fair value or future cash flow of a financial instrument will fluctuate because of changes in market interest rate. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing financial instrument because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing financial instrument will fluctuate because of fluctuations in the interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the borrowing from banks. Currently company is not using any mitigating factor to cover the interest rate risk.

Particulars	For the Year ended 31st March 2022	For the Year ended 31st March 2021
Interest rate risk exposure		
Borrowings from banks	50,29,94,911.00	41,62,82,770.00
<b>Total borrowings</b>	<b>50,29,94,911.00</b>	<b>41,62,82,770.00</b>

#### Interest rate sensitivity

The sensitivity analysis below have been determined based on exposure to interest rates for borrowing at the end of the reporting period and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in case of term loans that have floating rates. If the interest rates had been 1% higher or lower and all the other variables were held constant, the effect on Interest expense for the respective financial years and consequent effect on companies profit in that financial year would have been as below:

Particulars	For the Year ended 31st March 2022	For the Year ended 31st March 2021
Impact on Profit or Loss for the year decrease	50,29,949.11	41,62,827.70
Impact on Profit or Loss for the year Increase	-50,29,949.11	-41,62,827.70

##### ii) Foreign currency risk

Company Have No Foreign Currency Exposure

#### (b) Credit risk

Credit risk is the risk that arises from the possibility that the counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Financial assets that are subject to such risk, principally consist of trade receivables, Investments and loans and advances. None of the financial instruments of the company results in material concentration of credit risk. Financial assets are written off when there is no reasonable expectation of recovery, however, the Company continues to attempt to recover the receivables. Where recoveries are made, these are recognised in the Statement of Profit and Loss.

The impairment for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each balance sheet date.

The ageing analysis of the trade receivables has been considered from the date the invoice falls due

#### Investments

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counter-parties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties apart from those already given in financials, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

#### (c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due.

#### Note-40: Financial Instruments by Category and fair value heirarchy

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values.

The fair values of the financial assets and financial liabilities included in the level 2 and level 3 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the Ind AS. An explanation for each level is given below.

**Level 1:** Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

**Level 2:** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

**Level 3:** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

41. Previous year's figures are regrouped or rearranged wherever considered necessary, to make them comparable with current year's figure.
